# COLOR

When you visit Headlines Hair and Nail salon, our color consultation helps ensure that you are comfortable and that we understand exactly what you want. It is our policy to produce well blended color that is not only flattering, but shiny and healthy. Integrity of the hair is extremely important to us, therefore we do not treat damaged hair with harsh chemicals. A new hair color can give you a new outlook and dramatically change your appearance. Whether you want all-over color, full or partial highlights, or even trendy looks like vivid colors, balayage, foilyage, or shadow roots, we have you covered. Check out our full menu of services below.

*Full Color*.....\$65+

Color is applied from root to end to achieve a solid color that shines.

*Root Color*.....\$50+

Color is applied to new growth or in between foils. The application is determined by your desired result.

*Partial Foil*.....\$70+

Creates dimensional color using foils on the crown and front of the hair only.

*Full Foil*.....\$90+

This also creates dimensional color but the foils are applied to the front, back, and crown of the hair.

*Balayage*.....\$80+

Highlights are hand painted for a soft and natural look.

*Foilyage*.....\$95+

A special technique is used with foils to achieve a similar look to balayage, but with bolder results.

*Baby Lights*.....\$75+

Micro-foils are used to subtly lighten just the crown and front of the hair for a natural sun-kissed look.

*Root Smudge*.....\$45+

A customized formula is used to add depth to the root area of lightened hair.

*Fashion Color*.....*Consultation needed for pricing.*
